Short description of the	TITLE OF THE PROJECT: OBJECTS LINKING EUROPEAN VALUES
project and its aims	(OLEV)
	TOPIC
	European history and Remembrance, cooperation between non-formal education, art
	and new media
	CONTEXT
	In every household we can find old objects and souvenirs which are linked to a
	history of a certain period of time and very personal experiences. These memories about family, travels and everyday life are the key to understand the values of a
	generation but even so the history and values of the European culture.
	AIMS
	This project aims to transmit and to value the memories hidden behind these objects
	by an intergenerational approach. It is a cooperation between organizations working
	in the field of non-formal education and partners in the field of art and new media

	OBJECTIVES
	-To raise awareness on the richness of the cultural diversity but also the common
	values in history in Europe
	- To share historical memories through intergenerational and transnational exchange
	- To value the knowledge and experiences of the elderly generation
	- E-inclusion of senior citizens
	PLANNED ACTIVITIES
	- Collection and research about old objects and its history
	- Workshops and debates, intergenerational and transnational exchanges
	- Team work with youngsters and seniors
	- Artistic production / exhibition
	- Use of digital media
